FAMILY PHYSICIAN OF THE DAY

The Nebraska Academy of Family Physicians has provided emergency medical services to our senators since 1983. This program has enabled the NAFP to build an effective relationship with our senators; a relationship that should be maintained if our views and suggestions concerning health care are to be heard.

Although we will not receive the official calendar for the days in session until the first of the year, we are currently signing up doctors. When the official calendar is received, we will send you confirmation of the dates you requested or will contact you with available alternative dates.

If you are interested in serving in this program, please complete the information requested and mail or fax to our office:
