TAR WARS PROGRAM

The NAFP Tar Wars Program is a pro-health, anti-tobacco educational program to improve the health of Nebraska families. This program was launched to discourage adolescent tobacco use. It is designed to educate students prior to the age when the decision to smoke or chew tobacco is made. The Tar Wars Program offers an opportunity for school personnel, health care providers, educators, and community members to join together and address these issues.

EDUCATION

The NAFP Foundation supports continuing medical education for family medicine physicians, residents and medical students in the specialty of family medicine

Supports Hiram R. Walker, MD Lectureship in Family Medicine (national speaker at our annual assembly)

Supports Omaha World Herald’s Partner’s in Education “Get-Fit Program” and “Children’s Author Program” for school age children

Enclosed is my tax deductible donation to the Nebraska Academy of Family Physicians for \$ _____
